Forecast for Sunday 02 Oct 2022

Weather: Cloud increasing overnight with outbreaks of rain arriving from the south, perhaps heavy at times. Rain will soon die out during the morning then staying dry for the rest of the day with lengthening bright or sunny spells. A dry evening with long clear spells and becoming chilly in the valleys later.

Chance of cloud-free hill tops above 600m: 40% to start the morning becoming 95% by afternoon.

Low cloud and visibility: Occasional cloud and fog above 500 or 600m in the morning and rather hazy on lower slopes. Cloud will lift and disperse in the morning to leave very good visibility for the rest of the day with clear views of distant hills.

Forecast for Monday 03 Oct 2022

Weather: Dry overnight with clear spells, rather chilly with a few mist patches developing in the valleys. Early mist clearing then dry for most of the day. Best of the sunshine in the morning then cloudier in the afternoon with a few light showers.

Maximum wind: Southerly 10-15mph in the morning steadily increasing during the day with average 25mph and gusts 35mph on the high ridges and summits by evening.

Chance of cloud-free hill tops above 600m: 90% in the morning, becoming 60% in afternoon.

Low cloud and visibility: Early mist patches clearing, otherwise mainly good visibility during the morning and into the afternoon. Patchy cloud and fog developing above 600 or 700m during the afternoon.

Temperature: **Valleys:** Plus 6C rising to 16 or 17C.
At 600m: Plus 5C rising to 11 or 12C.
Freezing level: Above summits.
